FLOOD PLAINS OF THE OKAVANGO DELTA

## GUNN'S CAMP, OKAVANGO DELTA

Overlooking the legendary Chiefs Island and bordering the Moremi Game Reserve, Gunn's Camp is one of the last few remaining luxury, vintage safari camps. Set under leafy palms and African Ebony to blend naturally with its unique surroundings, Gunn's Camp achieves a fine balance of comfort without isolating guests from the sights and sounds of the wilderness.

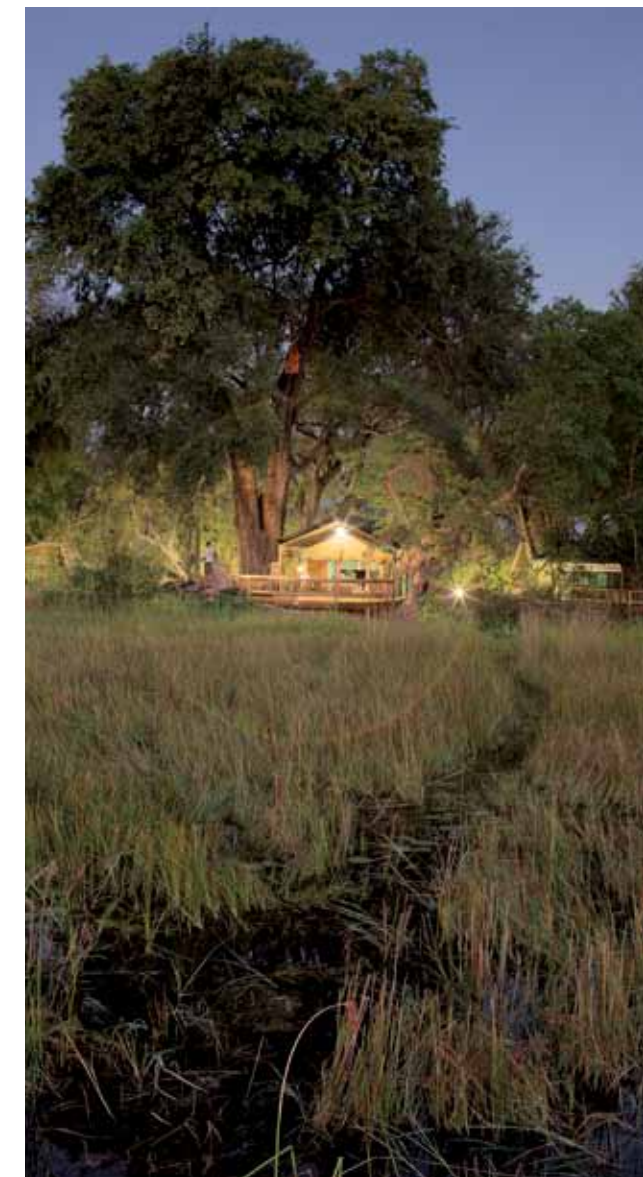

## FACILITIES

The accommodation area is connected to the main camp via a raised wooden walkway crossing the wetlands and magically lit by a series of fairylike lanterns.

Guests have access to the elevated bar, lounge and dining room and swimming pool.

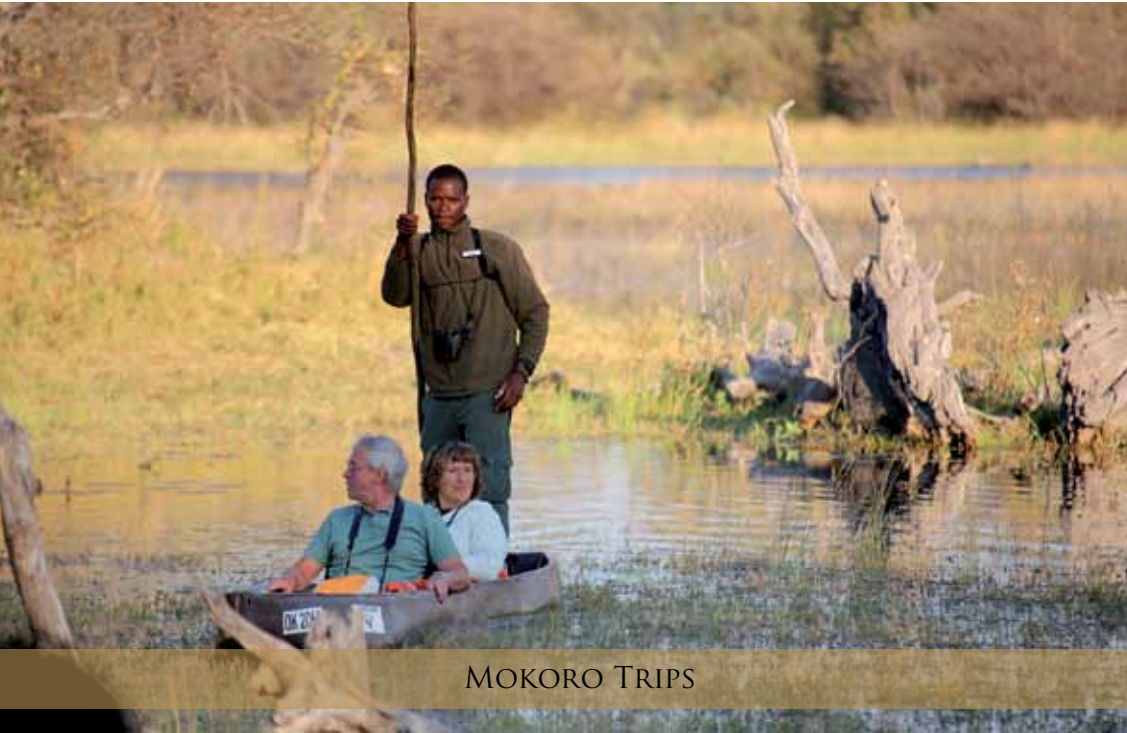

## ACCOMMODATION

The flagship accommodation offered at Gunn's Camp consists of 6 fully furnished, deluxe meru tents with en-suite bathrooms featuring standalone baths and outside private showers. Set on raised platforms overlooking the Okavango Delta, Gunn's Camp is ideal for honeymooners or guests looking for a more intimate and personalized safari experience. All 6 tents are discretely set within the densely treed island, ensuring privacy and tranquility. Each tent has been traditionally furnished with an eclectic mixture of solid wood and African furniture and offers a lounge area as well as private veranda.

## ACTIVITIES

MOKORO TRIPS

### Mokoro Excursions

Become part of the bustling river life by easing between the papyrus clad banks on traditional 'mokoro' canoes. These are propelled from the stern by skilled 'poler' guides, allowing the guests to sit back and absorb the scenery.

### Motor-Boat Sunset Cruises

A great way to explore the crystal clear channels of the Boro River, motorboat cruises are organized in time to toast the unprecedented African sunsets while drifting on a lagoon in the middle of the Okavango Delta.

### Bush Walks

Explore the wilderness on foot under the guidance and education of your own professional guide. Feel your senses ignite as you become part of life in the bush and encounter game without the parameters of a vehicle.

## ECO FRIENDLY

Gunn's Camp is leading the way in making the Okavango Delta as environmentally friendly as possible. The camp runs off a massive solar-panel, that feeds power to the entire camp.

Hot water is supplied through a state-of-the-art solar-heated geyser system that delivers hot water to each room.

## THE OKAVANGO DELTA

The Okavango is an immense river that never meets the sea. Instead, its crystal clear waters spread across the Kalahari Desert, forming Africa's largest wetland wonder, before the formidable African sun swallows the last of its outstretched fingers.

Its waterways are a mesh of meandering and intersecting channels creating a haven for Africa's most celebrated wildlife.
