## Gunn's Camp

*"Gunn's Camp - Deep in the Delta"*

### LOCATION & ACCESS

Overlooking the legendary Chief's Island and bordering the Moremi Game Reserve, Gunn's Camp is one of the last few remaining luxury, vintage safari camps. Set under leafy palms and African Ebony to blend naturally with its unique surroundings, Gunn's Camp achieves a fine balance of comfort whilst embracing the sights and sounds of the wilderness.

Your African experience starts with a twenty minute light aircraft transfer from Maun over the south-western Delta, taking in the magnificence of the winding, papyrus fringed channels that make up one of the world's greatest wet land wonders. You will be able to see some of Africa's most celebrated animals from a bird's eye view –500 FT above the ground

On arrival at the private airstrip on Ntswi Island , deep in the delta, you will be met by welcoming hosts and shown to the Camp.

### ACCOMMODATION

The flagship accommodation offered at Gunn's Camp consists of 6 fully furnished, deluxe Kenya-style meru tents with en-suite bathrooms featuring standalone baths and outside private showers. Set on raised platforms overlooking the delta plains Gunn's Camp is ideal for honeymooners or guests looking for a more intimate and personalized safari experience. All 6 tents are discretely set within the densely treed island ensuring privacy and tranquility. Each has been traditionally furnished with an eclectic mixture of solid wood and African furniture and offers a lounge area as well as private veranda. The accommodation area is connected to the main camp via raised wooden walkway crossing the wetlands and magically lit by a series of fairylike lanterns. Guests have access to the elevated bar, lounge and dining room, campfire boma and swimming pool.

## ACTIVITIES

Our True Delta activities include motor boat cruises, mokoro excursions and guided game walks. The walks take place on Chief's Island, in the Moremi Game Reserve, separated from Ntswi Island by the Boro River channel. Each guide takes two guests by mokoro to different areas of the Reserve, where the focus is not solely on the larger species but learning about the habits of the smaller animals, sighting birds and learning their calls, as well as identifying plant-life and their medicinal uses. Guides converse in English and offer a rare insight into the unique phenomenon of the Delta, with guests appreciating how important the "little things" are to this diverse ecosystem.

## GUNN'S CAMP vs MOREMI CROSSING

Gunn's Camp and Moremi Crossing are sister camps located on the densely treed Ntswi Island approximately 1.5km apart from each other. Guests for both camps are flown to Ntswi Airstrip from where they access Moremi Crossing by a boat or a mokoro and/or are walked in to Gunn's Camp. Due to similarity in activities that both camps offer as well as overall experience we wouldn't recommend combining these two camps in the same program. It's ones personal choice whether to experience the magics of the Delta from the small, intimate Gunn's Camp or more vibrant and great value for money camp - Moremi Crossing. Summarised below are the main differences between the two:

### GUNN'S CAMP:

6Luxury en suite tents  
Large private verandah  
Bathroom with Bath and Shower  
Spacious lounge area within each tent  
No children under 12yrs of age  
Ideal for honeymooners; more personalized Delta experience

### MOREMI CROSSING:

16Luxury en suite tents  
Small private deck  
Bathroom with Shower  
Family tent  
Children from 8yrs (children 8-11yrs boating activities only)  
Families and groups friendly
